

Border Terrier Canada 2017 National Specialty & Earthdog Tests
Skerryvore, Plattsville July 6, 2017 (Earthdog)
Festival Inn, Stratford, July 7th, 2017 (Conformation)

I would like to briefly thank all the BTC members and exhibitors for making our 2017 Specialty in Stratford a resounding success. In the absence of our site coordinator, Rosemary Shoreman, who unfortunately was unable to attend the show, several members pitched in to make the show run like a well-oiled engine. The weather was fairly kind, and the rain stopped just in time for Kate Irving to preside over the sweepstakes ring and stayed nice for the entire day while Ronnie Irving judged the regular classes. From the Welcome Potluck to the BBQ and Banquet a fantastic time was had by all and it was good to see friends old and new. Mark your calendars for July 6, 2018 and come enjoy the special Maritime hospitality of Cape Breton Island.

2017 BTC Specialty Earthdog Tests Results

BTC held two days of Training and Tests at Skerryvore, in Plattsville Ontario, the residence of Chikki and Dick Mair.

The Mairs kindly provided the use of their beautiful property to Border Terrier Canada and were great hosts to the several dozen dogs and their people who attended: Border Terriers, Cairns and Dachshunds of all ages and levels.

The two days were a tremendous success, with people and their beloved canines traveling great distances to Plattsville from all parts of Canada and the USA.

A full day of training followed by a full day of tests made for a very busy event for judges and volunteers alike. A big thank you to our judges Pam Dyer, Jane McLaughlin, Camilla Moon and Susan Storey, who all worked extremely hard giving good natured encouragement and guidance regardless of the heat and the mosquitoes. Also, a special thank you to Sarah Jones who did an exceptional secretarial job preparing all the necessary paperwork, handling the desk entries, keeping everyone organised and moving along with the schedule

2017 Specialty & Sweepstakes Results and Critiques

It was a great pleasure for Kate and myself to be invited to judge the Border Terrier Canada National Specialty 2017 at Stratford Ontario and - what a great venue the Festival Inn was for such an event. The hotel was good for exhibitors. The space for RV's also seemed excellent and the area for the show ring was first class.

Our thanks to everyone for their kind hospitality and particularly to the organisers and our ring steward for the efficient way that we were kept on track. It was such a pity that Rosemary Shoreman who had put so much into the organisation of the Specialty, was unable to attend because of the injury sustained as a result of her fall. It is great however to hear that she continues to make good progress and we are sure that all would wish to thank her for her efforts leading up to the event, and wish her well for a full and speedy recovery.

The entry of 53 dogs in the regular show and 19 in Sweepstakes was excellent. I felt that overall the quality was very good. Heads were, by and large, good with plenty of exhibits with enough breadth of skull and shortness and strength of muzzle. Not too many had the excessive stop that often leaves the breed with rather large round eyes. Front movement left a good deal to be desired and this is a problem for the breed in most parts of the world. It is sometimes caused by poor shoulders but often poor front action appears even in dogs whose shoulders are OK – usually because the hind angulation is over exaggerated and out of balance with the front assembly thus causing untidy front movement.

In Canada, we felt that there were rather too many exhibits with long thin tails that did not fit the standard requirement for the tail of a Border to be “Moderately short, thick at the base, then tapering.” Thanks go to all of the exhibitors who took our decisions and behaved in a very sportsmanlike fashion. Here are my comments on the first two dogs in each class as requested
