### **Through The Looking Glass: Borders in Sunderland**

From the BTC Show Chair, *Sheena Yarek-Snyder*

I am happy to report on the amazing time we had in Sunderland – BIG Thanks again to Jane and Mike Toner for having us.

Round of applause, hugs, and hats off to the Committees for both BTC, BTCO and Earthdog: Anna Robaczewski, Jane Toner, Sarah Jones, Pam Dyer, Shawna Froese, Bev Ferguson, Jen Holder, Linda Hough and Myself. Thank you also to Rosemary for being our ring steward and judges' liaison.

Both Clubs worked together seamlessly to put on a successful and well organized 3-day event, that was enjoyed by everyone who attended. We had attendees that didn't even have dogs entered.

The weather really tried to put a damper on our event and all it did was soak our jackets and judges, ruin our hair and only dampen our dog's coats. They were made for that weather!!! Spirits were high and the mutual love for little brown dogs and being together made this a great time.

There was some mud, but we (even Jane's yard) have recovered from that.

Friday, following the Specialty, Anna and team served up the most beautiful spread for Special "Tea" Party, followed by a very well received and informative education session by Amanda.

The amount of bacon served up by Jeff's Food Truck was nothing short of excessive. Chris Dyer was offering pieces of bacon off of his sandwich before he was able to dive in. The food truck was delicious ... 4.5 Stars, I would definitely recommend it.

Not only did the Bacon Truck as it became known, keep us fed and warm with hot beverages all weekend, on Saturday a BBQ was set up behind the truck and he went to work preparing our meal for the joint BTC/BTCO banquet. Many hands joined in setting up for our fabulous on-site meal under the tent with our friends. While I did have some reservations about an outdoor banquet, the weather finally came around and Jeff and his team certainly served up a great meal.

Our annual silent auction ran from Friday, closing out during the BBQ on Saturday and kudos goes to Susan Rome for all her hard work finding a balance between displaying the lovely items and keeping them dry under the tent throughout two days of rain.

The highlight of my weekend, was hugging a friend after winning best altered with her boy. Tears of joy shared. I am hoping that we all came away with lasting memories of our Borders in Sunderland Weekend.

### **Results and Critiques**

#### **Specialty Classes - Judge: Margaret Pough**

I want to thank BTC for inviting me to judge the Specialty in May. I want to say that it was a strong entry and a pleasure to judge with many, many nice dogs. All the dogs had thick hides, and good bites. Overall pleasing movement.

I also know that no one can predict the weather, and I thank the exhibitors for their tolerance of the wet conditions. At least the ring was not muddy. The Tea Party was a lovely way to relax after judging. Thank you to Sheena Yarek Snyder, and Bev Ferguson for supplying our AirBnB with a very generous assortment of breakfast muffins and bagels, enough to feed an army of teenage boys. Appreciative for the clothes dryer that was used when we returned to the AirBnB.

I need to thank Rosemary Shoreman for stewarding and keeping me supplied with warm tea while I was judging. She also kept me on track with all the extra Specialty classes.

**Best Otter Head:** What a joy to judge Best Otter Head with Marg Pough at your Specialty. Canada has some awesome heads for us to judge. It was not easy task to judge for Otter Head. The last three had wonderful otter heads but **GCHB Doberich's Hawthorne At Foxrun**, just caught my eye a bit more than the other two. Marg and I agreed he has a wonderful Otter Head. It was nice to see that he was one of the final two for Otter Head at the BTCO Specialty.

Shared by Joy Huntley who attended the judge's education:

*"I attended the National on Saturday and was totally impressed with not only the Borders but their Handlers and the Judge. I have been to many a Specialty and Judged them as well and the weather wasn't half as miserable as it was on Saturday, only to have dogs pulled, handlers complain, and the dogs that stayed, look like drowned rats and with the same attitude!!!! Not on Saturday!!! Borders strutting their stuff and Handlers, soaked to the skin, still smiling. And don't get me started on your wonderful Judge.*

*Thank you for the opportunity. One I will always remember"*

The saga continues, at 11-1/2 years, Digger is still competing successfully in multiple sports. His enjoyment at a recent agility workshop has encouraged me to let him return to that venue for another season and we will take a short break from Scent Work while HE decides where he wants to play.

Fatherhood suits him and he is an amazing dad to the two “Gherkins”. We have a busy summer ahead with visitors and travel plans but he is the consummate host and is as happy in our camper as he is at home.

After titling in Agility, Barn Hunt, Earthdog, Rally and Sprinter last year, Pickles, begrudgingly took time out to raise her two Gherkins

However, she was more than ready to return to Agility class as soon as she wasn't dropping bars with her “boobs”.

Barring unforeseen circumstances, our focus this year will probably be Agility, with Sprinter and Barn Hunt if we can get into the trials.

I would like to finish her AKC Senior Earthdog title before running her in CKC Advanced but that will have to wait until travel south of the border becomes more appealing than at present.

Tink enjoys participating in UKC  
nosework and is working on her Elite  
title while working on championship  
titles in the lower levels.

In barn hunt Tink loves finding the rats  
and exploring the course but sometimes  
can't be bothered to tell me where the  
rats are.

Her preferred play is a good game  
of chase which has translated  
well to sprinter and coursing  
ability.

The Master hunt up for earthdog  
is probably her favourite thing. It  
is a joy to watch her and would  
love to give real hunting a try and  
see how she does.

By default, Spike participates in everything his housemate Tink is doing.

He flew through the lower levels in nosework and is now working on UKC Master while going back and solidifying the basics.

Barn hunt is great fun. Novice and Open were easy but we’re now stuck at the dreaded Senior.

I think Spike may be obsessed with coursing. We’ve had to resort to a muzzle or he’ll try and eat the bunny skin if he catches it.

He’s progressed well in earthdog and I can’t wait to see what he does this year.

Rupert The Bear, was named, by my sister, for the Yorkshire Evening Post, cartoon Character.

He has achieved many titles, in Conformation, Rally, Obedience, Agility, and many more, in a wide variety of disciplines.

During the past few years he has been, consistently, racking up Master Earthdog titles.

I could not be more proud of him! Especially as he is such, a “snuggly”, caring companion.

When Tumnus, was failing; Rupert would ring the bell for him to go out, or go out to bring him inside.

I love you Rupert!

Although performance events, with the exception of earthdog of course, are not really my “thing”, Lola, like her grand mother Hazel and great grandfather Roger, has shown aptitudes that could not be denied.

Barn hunt and Earthdog feed right into her crittering instincts and she was successful in both last year.

For the coming year, Lola will be happy to participate in Earthdog and Barnhunt once again and possibly sprinter if opportunity allows.

But best of all in her book is hunting in the back yard with son Olek and BFF Felek.

Thorne has trained in agility and

Conformation, Sprinter, and  
Earthdog and is now trying his paw  
at Barn Hunt.

It was never my intention to get  
another dog. However, I was asked to  
help evaluate Monica Peterson's first  
litter and he caught my eye  
immediately. I asked if he was  
spoken for and the answer was no. I  
was hooked.

In the evening his favourite  
place to be is, either on the  
raised foot rest beside my  
legs or across my husband's  
lap.

I greatly appreciate Monica

Leon was the clown of the first ever  
Ravencreek litter, and we instantly chose  
one another. I am new to the breed, and  
he turned my world upside down by  
having the biggest heart a dog can have,  
and a singularly smart bright mind.

Wanting to do it all without  
discrimination, Leon  
transported me out of my  
comfort zone, in so many  
ways. Built on a strong  
foundation of profound love,  
trust and complicity, our  
peculiar chemistry allows  
both of us to reach the best  
of ourselves.

I am grateful for the journey  
he takes me on, whatever the  
destination is.

Iza came to us as a very lively two-year-old. Two years on she remains an extremely active BT. A quick learner she likes nothing more than participating in games and activities, the more boisterous the better.

She also loves greeting and meeting people. Being a very “busy” dog, she can, at times, be a handful, but her personality and charm make meeting that challenge all the more worthwhile.

She believes we are beginning to see things her way but in reality, we are gradually bringing her round to our way of thinking.

She has taught us so much

After a broken leg at 4 months old and spending her first year doing more rehab training than sports training, Brèagha would make up for lost time, earning her CKC Novice Sprinter title in August 2022 only a few months after being cleared by her vet.

She had her agility debut two years to the day after her accident. We participate in both CKC and AAC agility. 2024 was a big AAC year for us competing at our first Regional Agility Championships coming 3rd in her division and qualifying for Nationals where she would also come 3rd in her division.

With Rally, Flyball, Nosework, Barn Hunt, Earthdog and Trick Dog titles done and dusted, Fells is enjoying a well-earned retirement. But he has not retired from his penchant for getting into anything and everything. His other lifelong trick is to bring whatever he can find lying around whether it is needed or not.

From his food bowl to the TV remote, all will be delivered with the typical “aren’t I smart” grin.

Fells continues to battle melanoma with typical Border Terrier stoicism and his “live in the moment and seize whatever he can” attitude to life.
